Hoopla Mastery Handout

What is hoopla!: hoopla! is a 24/7 streaming service where you can borrow and download movies, television shows, comic books, e-books, and audio-books. Bville patrons are limited to four checkouts (downloadable items) per month.

- **Movies and Television** by episode can be viewed for 72 hours (3 days) after borrowing
- **Music** (entire albums) can be listened to for 7 days after borrowing
- **Audio-books, Comics, and E-books** can be listened to or read for 21 days after borrowing
- All of these can be Downloaded to a mobile device through the app, then used when not connected to wireless. Patrons cannot download using the web site access, only through the app onto a device.

Who can use hoopla!: Anyone with a Baldwinsville Public Library Card and valid PIN can create a hoopla! account and borrow up to 4 items per month. Some other county libraries also have given their patrons the ability to access hoopla! and some libraries have not. Each library sets its own borrowing parameters. OnPass library cards are using the Central OCPL agreement, so they have 6 circulations per month (but are more likely to hit the library's ceiling and be denied during the month).
