

# Volunteer Gardener Form

Volunteer Gardeners will be given training relating to their experience. The training will include identifying weeds, wildflowers and planted items such as blubs and perennials as well as how to pull a weed completely without disturbing the surrounding plants or mulch.

Volunteer Gardeners will be responsible for a portion of the library's large gardens. Each volunteer will pick a part and keep it weed free for the season. It is up to the volunteer to decide how much or little they can decided to be responsible for.

While gardening on library grounds, you must wear the Baldwinsville Library aprons to identify yourself. You must also abide by the patron code of conduct while representing the library.
